Welcome to Samantha Cadd, the newest member of our team at the Hub Plus. Samantha is our Nursing Associate Ambassador and will be working at The Hub Plus one day a week.

"My aim as an ambassador is to promote the role and encourage practices to have NA's to increase the number of us throughout the county, raise the profile of the NA role and erase the negativity around the role such as us being cheap nurses and glorified HCA's because we are so much more than that!"

"I'm also going to be supporting TNA's in practice and can signpost and help with placements, support with preceptorships (eventually!) for rNA's and workshops for training, peer support groups etc."
